

# 1955 Chevy Big Back Window Pick Up

Frenched headlights; original parking lights removed; new parking/directional lights imbedded in grill; modified grill; custom rolled pan with recessed license plate; smoothed firewall

Tailgate handle moved inside; custom rolled pan with recessed license plate

Temporary vinyl paint scheme templates

Paint design: silver & 2006 Impala Sport Red Metallic

Paint design follows around cab & through taillight lenses

Brand new Chevy "RamJet 350" with fuel injection designed by Chevrolet to look like 1950's - 1960's fuel injected engines which debuted in 1957

Body with slight forward "rake" created by larger 18" wheels on back

Mirror on floor shows that undercarriage paint is equal to top paint

Tonneau cover over truck bed has slight "spoiler;" underside of tonneau cover is carpeted

Back of cab has been contoured to shape of bed; new 1955-like "steps" were designed to fit custom fenders

Custom-designed two-tone paint design

Completely re-designed custom dash with digital gauges; steering wheel has the same spoke configuration as the wheels; tilt steering column

Digital stereo radio/CD radio with separate amp, woofer box and & hidden speakers; power windows

Custom seat with embroidered Chevy "Bow Ties;" inside of cab is completely covered with "ultraleather" with German wool carpet
